

Rhea Quartet is a saxophone quartet formed by four young musicians committed to performance as a means of dialogue. The **maturity** of our proposals, spontaneity, **innovation** and rigor are the aspects most valued by our audience and the specialized press.

Formed by different musical personalities, we configure an **identity** with our **own language** where we invite the listener to join as a fifth element in the musical discourse. We are committed to contribute to make an **impact** in the culture of **chamber music**, in all its variety and styles, and we work hand in hand with composers of newly created music.

We have been **awarded** at national and international level, highlighting our prizes in Bydgoszcz Chamber Music Competition, Permanent Competition of Juventudes Musicales de España, Certamen 'Pedro Bote', Competition 'Antón García Abril' or Certamen 'Jacobo Soto Carmona'.

Our **solid formation** supports us, counting on the advice of Cuarteto Quiroga, Cuarteto Casals, Kuss Quartet, Heime Müller, Márta Gulyás, Rita Wagner, Kennedy Moretti, Noelia Rodiles, André Cebrián and Ona Cardona, among others.

We combine our concert work with an active **pedagogical commitment**, being teachers in renowned music education centers.

We have published in 2023 our **album "Beauty and ashes"**, which has been recognized with the **Melómano de Oro Award**.

Since 2019 we are **ambassadors** of the brands Selmer Paris and Vandoren France.
