About us

EXPERIENCE AND YOUTH IN A SINGLE GROUP

Chamber music is our passion. We understand music as a constant dialogue with which to penetrate the hearts of our listeners. We are backed by a career full of concerts in Spain, France, Germany and Poland among others and more than a dozen awards and prizes. We are collaborating artists with the most recognized international brands such as Henry Selmer Paris or Vandoren France.

Our perspective

We are a quartet committed to the social values that, in our opinion, best represent the idealism of a world improved by culture. Cooperation, tolerance, dialogue, multiculturalism and concern for mental health are some of our pillars. We firmly believe in the power of culture, music and education as a transformative power in the world.

- COOPERATION
- DIALOGUE
- TOLERANCE

Our team

Our quartet is made up of four professional musicians dedicated not only to musical performance. We are committed to education, reconciling our performing career with our work in education in large educational institutions such as SEK International School, Spanish Conservatories of Music or the Madrid City Council.

CHAMBER MUSIC SPECIALIST EDUCATION

Throughout our education we have been concerned about training with the groups and teachers who were and are our references. For us it has been very important to teach classes with the greatest chamber music references in the world. The Casals Quartet, Quiroga Quartet, Heime Müller, Kuss Quartet, Rita Wagner and Vivian Weilerstein have been some of our teachers.
